GOLD HEELS WINS AGAIN: Lady Chorister, 2 to 1 and even Prince Richard, 20 to 1

IN LONG ISLAND HANDICAP.

Shaw's Bungling Start on Brigadier Spoils the -Poor Day for Followers of the Pop-Jookey-Princeton Girl Beats Decanter by a Head-Intrusive a Winner. Followers of Jockey Shaw at the Sheeps-

head Bay track had poor luck yesterday for the popular rider got home in front only once out of five attempts and then only the heavy bettors were able to win any substantial amounts as the odds against De Reszke were only 11 to 10. Beeides losing the money of his supporters Shaw took a decided drop in the estimation of many of the spectators by his inferior handling of Brigadier in the Long Island Handicap. With Gold Heels and Brigadier, both record breakers at the meeting, going to the post a rare race was expected. The other contenders were All Gold and Carbuncle. O'Connor was scheduled to guide Gold Heels, but he hurt himself riding Handwork in the second race and Burns was substituted. The fact that Shaw was on Brigadier cent Mr. Belmont's horse to the post favorite at 7 to 5, while a point longer odds could be had against Gold Heels. The distance was one mile and a furlows. At the second breakaway Starter Fitz-

gerald dropped the flag. Shaw perhaps a shade the worst of it; but the alignment was good enough for a long race, until Show jerked Brigadier's head in the air. others kept running, with Gold Heels in the lead. When Shaw made up his mind to go on he was four lengths behind. All Gold took up the running in the first furlong. with Gold Heels laving handy in second place. At three-quarters of a mile O'Connor sent old Heels to the front, Brigadier still being last, two lengths behind Carbuncle. At the turn Shaw made an effort to close the gap and a great shout went up from the stands as Brigadier rapidly swept by Carbuncie and All Gold and entered the stretch two lengths behind Gold Heels. Shaw did his best-to redeem his error at the start and worked brilliantly with his hands, all the way to the wire but there was no chance to catch Burns napping and Gold Heels won, ridden out, by two lengths. Brigadier was a length and a half in front of All Gold.

The opening event was a selling race fo

who lengths. Brigadier was a reliant state what in front of All Gold.

The opening event was a selling race for three-year-olds and upward, at six furlongs. Unmasked, with Spencer up, was made favorite. Handwork and Denurrer found many supporters, while Dublin was comparatively neglected. After two or three breakaways the horses got away to a good start. Unmasked was well up when the flag fell, but at the end of the first furlong Dublin had a lead of one length, with old Kinnikinnic next. The favorite was in sixth place. Dublin came into the stretch with a lead of four lengths and won easily. Handwork, that got away tenth, ran into fifth place at the bend and easily strving off Spencer's rush on Unmasked, took second place by three lengths.

Shaw had the mount on Dolando in the second race, at one mile. Though Intrusive was undoubtedly the class of the race the Shaw money sent Dolando to the post favorite, while 2 to 1 could always be obtained against Intrusive. Anecdote, with Cochran up, cut out the running and at half a mile had a lead of a length on Intrusive, the latter being a head in front of Dolando. Shaw kept Dolando on Intrusive's flank until company and the front. Dolando got on terms with Anecdote in the stretch, but could not get within striking distance of Intrusive, that won by a length and a half. Dolando linished a neck in front of Vitellius.

The play was again on Shaw's mount in the third race, a dash for two-year-olds over the last six furlongs of the Futurity course. DeReszke was installed favorite at 11 to 10. Port Royal opened at 5 to 2 and Sweet Clover at 2 to 1. Both receded, but Sweet Clover at 2 to 1. Both receded, but Sweet Clover at 2 to 1. Both receded, but Sweet Clover at 2 to 1. Decanter opened favorite for the last race, at one mile and a sixteenti. Then there was a rush to back Prince Richard and the latter became favorite at 2 to 1, while the Shaw money made May W an even thing with Decanter for second choice at 7 to 2 May W was first away, while Decanter got off poorly Shaw managed to hold May W together until the stretch, where St. Finnan was second and Princeton Girl third. Then Burns whipped up Decanter for a sensational finish and the light green of Mr. Hitchcock flashed by every one of the horses on the straight and got to Princeton Girl's haunches fifty yards from the finish. RAIN STOPS TENNIS PINAL. Two Sets Played at Wimbledon -Praise for th

Americans. Special Cable Despatch to THE SUN.
LONDON, July 2,-The final round of th. All-Comers' Championship tennis doubles was begun at Wimbledon in a drenching rain to-day. Messrs. Holcombe Ward and Dwight F. Davis playing the Doherty brothers, holders of the title. The Americans won the first set by 6-4 and the English the second by 6-0. In the third set the score reached nine games all and the referee decided to postpone the match because of the rain. The placing of Davis was of most brilliant Ward and the elder Doherty were visibly distressed by the hard play, which was due to the state of the ground. The lawns were decorated with the Stars and Stripes and the Union Jack. A big crowd was present. The players later agreed to p'ay the match all over again. The lawn tennis expert of the Pail Mall Gasette, in an article to-day on the Wimble-

lon tournament and the playing of the Americans, Ward and Davis, says: "It is a most interesting experience to see Ward and Davis play. For a long time I rondered what the next development in the game might be. They have supplied it. Their play affected me in much the same way as tonic might. If there is any tennis player who has not yet been to Wimbledon and seen the American pair play, let me urge him to take the first train out from Waterloo station, for he will obtain a liberal education by watching their movements. The mighty swipe with which Davis now and then electrifes the onlookers is something to be remem bered. It seems to me that we will have t go to America to learn the knack of training

The Middle States championship lawn ennis tournament was continued yesterday afternoon at Orange despite the heat, and although only four matches were played one of them caused a sensation that will probably have an important effect on the iternational plans for the season. Wright, who was considered to have an excellent chance of making the American team that will meet the English challengers for the Davis International Trophy, was beaten by E. P. Larned, the younger brother of the famous crack. Wright's defeat means that the older Larned will almost surely be selected to play with Champion Whitman in the international singles.

Wright played very indifferently and did not even run in to the net on his service regularly, as is his custom. He seemed overconfident until he got into difficulties and then could not pull out. The heat bothered him a good deal. Davidson was beaten in a fast base-line battle by Stevens, but Clothier, the Pennsylvania State champion, who beat Little so badly last week, won a set from Clarence Hobart.

SHAMROCK TO GO TO LAMLASH. After a Week's Trial There Will Be Dismantled -Sir Thomas and Clark's Challenge.

Special Cable Despatch to THE SUN. ROTHESAY, July 2. Both of the Shamrocks vere anchored in Rothesay Bay this morning with their headsails in stops, waiting for a noderation of the easterly wind. Shamock II will remain in Rothesay Bay until Thursday, when she will go to Lamiash for a week's trial there. She will be dismantled on July 18 and will at once be fixed up with her ocean rig for the voyage to New York. No matter what the result of the races for

the America's Cup may be, Sir Thomas Lipton will build a big racer of the Britannia type for British yachting. In an interview to-day Sir Thomas Lipton said that he would pay no attention to the challenge of Kenneth M. Clark to pit the Shamrock II. against the Kariad and let

Sir Thomas said that the scheme was impracticable. Designer Watson and Mr. Jamieson regard the proposal as amusing. They say that there is no possibility of carrying it through, but if Mr. Clark is anxious Mr. through, but if Mr Clark is anxious Mr. Jamieson says that he can arrange a match between Shamrock II. and the Kariad after the challenger's trial races, for the best three in five races at forty-five miles, under American rules, and for £500 per race. Sir Thomas Lipton is willing to lend his boat to Mr. Jameson for this purpose.

No one here believes that the Kariad would have a chance against either of the Shamrocks. Emperor William's Meteor and Whitaker Wright's Sybarita are both faster than the Kariad.

THE NEW YORKS WIN THEIR THIRD STRAIGHT FROM THE CHICAGOS. Cardinals Give the Champions Another Setback-The Quakers Lose to Pittsburg and

Are Passed by St. Louis-Cincinnation It looked for the greater part of the afteron as if the New Yorks were going to the head of the procession yesterday. They beat Loftus's easy marks from Chicago, but the Pittsburgs, after trailing most of the game in Philadelphia, made a strong finish and defeated the Quakers. The St. Louis Cardinals, who caused a delay in Hanlon's plans of taking first place, again worsted the Champions Their victory put them in third place. Having done so well on the road and having a ong series of games at home, the Missouri crowd is dangerous at this time. Cincinnati gave Boston a severe beating. In the American League Baltimore's long winning streak was broken by the Bostons, Cleveland thrashed the Milwaukee tail-enders, Philadelphia was beaten as usual, this time by Washington, and Chicago vanquished Detroit. runs, and errors and timely singles accounted for two more.

The Chicagos dragged themselves through their part of the game as if suffering from a combination of heat and tail-end ennui. Their playing sparkled and effervesced with all the scintillant lustre of a glass of flat beer. Their hits were too scattered to be of much avail. Chance's two-bagger and steal and an out gave them a run in the second inning, Raymer's single, an out and Buelow's error presented them with another in the seventh, and three hits and an out gave them all of one run in the ninth. A most enjoyable and novel competition was held at the Hackensack Golf Club on Saturday evening last. The Entertainment Committee announced a "Prize Putting Contest by Electric Light" and the enthustasm with which the members greeted the affair proved beyond a doubt that this original method of competition, the first event of the kind at this club, is destined to become more and more popular. In fact, another one is already scheduled for July 19 and from present appearances it looks as though one or more would be held each month. In front of the clubhouse were arranged three putting clocks, above which were suspended strings of electric lights, which enabled one to see almost as well as in the daytime. The competitors started on "No. 1" clock and putted once around each of the three clocks. The men winning were: J. B. Stewart, 72; W. B. Smith and H. P. D. Cowee, tied for second, with 73 each. The women to win were. Mrs. Ford, 75, and Mrs. W. B. Smith, 76. The prizes in each case were a wooden putter for first and a half dozen balls for second. The club is progressing rapidly and the members are showing much interest in all the events.

NEWS OF THE WHEELMEN. Novel Arrest for Riding "Hands Off"-Double

A peculiar question as to what constitutes to Justice Steers in the Flatbush police court a few days ago. James Thompson, a colored man of Flatbush, was riding one wheel and leading another. His right han I was on the led wheel, but his left hand was not or the bars of the one he was riding at the time that a policeman who was on a passing car called to him Words were exchanged and the wheelman was arrested. Alexan ter Schwalfriended Thompson and went to court to friended Thompson and went to court to intercede for him. Schwalbach contended that when the man was riding one wheel and leading another he was to all effects, so far as stability was concerned, on a four-wheeled vehicle and was in no way menacing public safety. He further argued that with one hand on the wheel in tow he was not riding with his "hands off". Justice Steers said it was a knotty problem, but he released the prisoner.

Believing that the public cannot receive too much of motor-paced racing, W. A. Brady has made this branch of the eveling sport the principal features in the two meets at Manhattan Beach to-morrow afternoon and night. The success that attended the races at the Beach on the opening day when seven started in the paced race, proved the wisdom of the innovation and showed what the public wanted. When the riders left the mark, paced by notors, it was thought the limit had been reached, but eight crack pace follower, have sent in their entries for to-morrow's race. In the afternoon the principal feature will be a one-hour paced race, with Harry Eikes. Too, Linton, Arthur Ross, Archte McEachern, Burns Pierce, Fred Hoyt and Watson Coleman as starters. As each rider has McEachern, Burns Pierce, Fred Hoyt and Watson Coloman as starters. As each rider has two motors in action in case of an accident the scene presented will be one of sixteen noisy machines closely pursued by the riders. At night a fifty-mile paced race is on the card, with Linton, Pierce, McEachern, Hoyt, Ross, Coleman and other riders in the field. The prediction of "Pop" Elkes that his son Harry would soon recover his strength and stride was verified last Saturday night at Boston, when Elkes beat Jimmy Moran three-quarters of a mile in a one hour race on an eight-lap track.
